Price From: £9.95

Concentrated natural body lotion enriched with organic botanical oils to provide fragrant lasting skin hydration.

This is a light, but concentrated body lotion which provides lasting hydration to the skin. It contains a blend of botanical oils but is easy to apply and sinks into the skin quickly. There are a range of fragrances to choose from:

Monoi de Tahiti - no essential oils are added, so the fragrance is derived from the lovely aroma of Monoi de Tahiti. Very gentle formulation so is suitable for sensitive skin.

Rose - a rich, sweet aroma of rose and geranium

Orange Blossom - the sophisticated aroma of neroli and petitgrain

Now presented in a tall stylish 200ml white HDPE bottle, with a silver pump attachment.

Reviews

Sorry but we don't have any reviews yet for this product.

Active Ingredients:

Jojoba oil - is actually a liquid wax which is highly penetrating since it so closely resembles the natural sebum in our skin. We use an organic, golden jojoba oil, since it has the ability to naturally balance the oils in the skin.

Monoi de Tahiti - this is a premium Monoi made by macerating Tiare flowers in pure coconut oil, and can only be produced in French Polynesia. When applied to the skin it has a distinctive no-greasy feeling and tests have proven it to be hypoallergenic and suitable for use on sensitive skin.

Glycerine - to ensure that skin remains hydrated.

Squalane - we use a vegetable based version, derived from olive oil. Squalane is moisturising and assists in the absorption of the moisturiser into the skin.

D-Panthenol - to lightly moisturise the skin during cleansing.

This formulation contains preservative (phenoxyethanol, ethylhexylglycerin).
